# TALIS HOLDINGS

## UNLOCKING AFRICA'S POTENTIAL

Talis Holding Group is an innovative establishment that focuses on diverse sectors across the African continent. These included property, ICT, finance, media, agriculture and infrastructure development.

We believe that the African economy has a wealth of potential, and our interests lie in unlocking opportunities in this landscape and beyond.

Our expansion has seen us extend our footprint from South Africa to include countries such as Namibia, Angola, the DRC and Nigeria, with plans to enter into sectors such as energy and resources.

Our unique approach encompasses bold new business rules that take technology and flexibility into account, allowing us to adapt in an ever-changing environment without compromising on sustainability and long-term objectives.

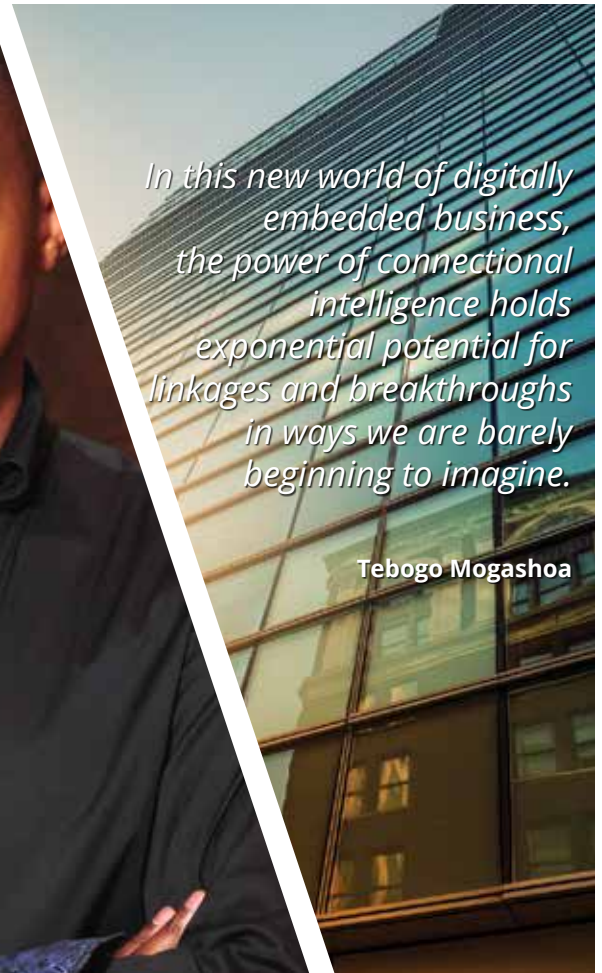

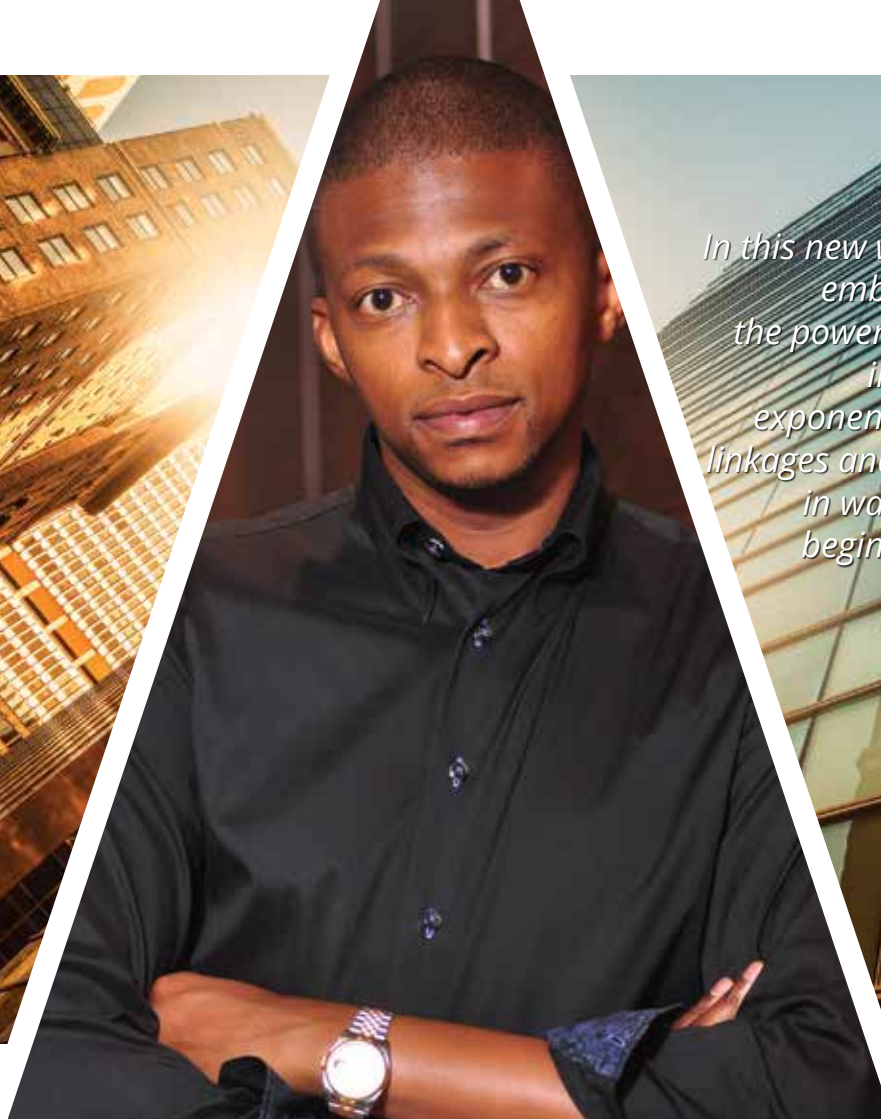

# ABOUT US

Our vision is to build an investment holding company that has a brand of excellence, sustainability and pushes the boundaries of creativity.

Our mission is to inspire, grow and guide our assets into sustainable and efficient businesses, and to enter new sectors where we can strategically unlock opportunities and where there exists synergies with the group.

Our core values inform the way we conduct business across all our subsidiaries. Integrity, openness, excellence, passion and innovation are the values we hold in high regard within the Group and with our partners.

*In this new world of digitally  
embedded business,  
the power of connectional  
intelligence holds  
exponential potential for  
linkages and breakthroughs  
in ways we are barely  
beginning to imagine.*
